

Technical Data Sheet

SmartWipes® 0412 OptiSmart®

Product Description

OptiSmart is a high-tech microfiber knit cloth composed of advanced ultra fine microscopic polyester / nylon fibers, 1/200 the diameter of a human hair. This weave enables it to scoop up and trap soils between its super sharp knife-like fibers. Safe for all delicate surfaces and lenses, OptiSmart safely and easily cleans smudges, dust, dirt, oils, and other contaminants with or without a liquid cleaner.

Leaves a Crystal Clear Finish On: tablets, laptops / netbooks, computer screens, camera lenses, mobile devices, flat screen TVs, GPS navigation systems, e-readers, all types of lenses and so much more.

OptiSmart Flat Panel & Touch Screen Display Cleaner: this convenient cleaning system comes complete with a spray bottle and an OptiSmart dry wipe. Gentle, ammonia and alcohol free, this liquid cleaner will not harm or remove protective finishes such as anti-reflective and mirror coatings.

Features

Absorbent: high absorbency factor, requiring less wiping; has a capillary effect, which catches and holds water.

Strong: superior strength and density allows it to be laundered and reused without any loss of cleaning ability.

Non-abrasive: leaves zero scratches, streaks or smudges as it cleans.

Low Particle: microsealed pinked edge gives the most usable wipe area while minimizing particulation, ravel-free edges.

Basis Weight

(oz/yd²) 4.1

Thickness

(inches) .012

Packaging

Size* 8" x 8"

Total Wipes/Case 100

*custom sizes, colors, imprinting and packaging on request

Case Weight & Dimensions

Weight 3 lbs

Dimensions 8" x 8" x 8"

Availability

Products are available through global sales and a nationwide network of distributors.

Environmental Policy

As a leading manufacturer and supplier of SMT production supplies; JNJ is committed to providing high quality products and services in a manner that does not impact upon, but enhances the environment.

The data supplied in this document is for guidance only and is not intended to serve as a specification or recommendation. JNJ has made suggestions on which wipers are suitable for cleanroom classifications. However, the final decision should be made by the end user for their specific application. JNJ Industries does not guarantee the accuracy of the information and does not assume liability in connection with any damages that may be incurred while using the product and reserves the right to change the above data without notice.
