## STATEMENT OF COMPLIANCE

### Registration, Evaluation, Authorization and Restriction of Chemical (REACH) Regulation

All products manufactured by JNJ Industries do not contain any REACH Substances of Very High Concern (SVHC), according to the Candidate List published by the ECHA (European Chemical Agency). The current list of substances can be found at: <https://echa.europa.eu/candidate-list-table>.

JNJ is committed to conducting its business in an environmentally, socially and ethically responsible manner, complying with all applicable laws and regulations of those countries where we do business. Included in this commitment, is the safe use and identification of chemicals per the applicable requirements of REACH. We continually work with our suppliers to ensure that all requirements are met and that they remain in full compliance with current and future REACH requirements. Verifications through lab reports and certifications provided by these suppliers, indicate that there is no intended release of substances under normal or reasonably foreseeable conditions of use. We will continue to monitor this list as it is revised.

If you have specific questions or would like additional information, please email [sales@jnj-industries.com](mailto:sales@jnj-industries.com).
